

Artisan⁺

80 Brightness SCA++ Paper

Introducing Artisan[®] Plus, an 80 brightness SCA++ paper designed to go head-to-head against coated groundwood grades. This unique supercalendered sheet gives you the brightness, gloss and opacity characteristics that can compete with the properties of a #4 or #5 coated groundwood sheet. Artisan Plus is ideal for commercial printers, catalog producers or magazine publishers looking for a 50# high-bright sheet that will offer an alternative paper choice without sacrificing cost or quality. Artisan Plus performs well on press and offers quality, runnability and ink-holdout that is second to none.

SPECIFICATIONS

Offset & Roto

Basis Wt	GSM	Bright	Gloss	Opacity
50	74	80	55	92

Specifications are based on TAPPI testing standards and procedures. Offset and Rotogravure grades are specifically manufactured for that printing process.
