

## PORT HAWKESBURY PAPER ECONOMIC IMPACT STUDY

Port Hawkesbury Paper (PHP) is the largest industrial employer in Cape Breton and is the leader in supercalendered paper manufacturing in North America. The mill manages over 523,000 hectares of Crown land and is a key economic engine and cornerstone of Inverness, Richmond and Guysborough counties. With over 325 direct full-time equivalent jobs and nearly 700 additional indirect jobs, our business is integral to the economic success of the region – both directly through employment and through related businesses and services in the region.

Annual operating expenditures in the province equal about \$170 million. This spending triggers additional output in the rest of the Nova Scotia economy valued at an estimated \$132 million for a total of **\$302 million** in expenditures.

Tax revenues of all types, from both direct and spinoff activities, amount to approximately **\$27 million** annually. This includes personal income tax, taxes on products and production, and municipal taxes.

PHP generates approximately **\$25 million** in direct labour income. This equates to an average of \$75,000 per employee, **44%** higher than the average industrial wage in Nova Scotia.

PHP creates an estimated **1,000** full-time equivalent jobs, with 325 at the mill and another 700 in spinoff activities.
