

The Altitude line of 80-bright SCA+++ products from Port Hawkesbury Paper is resetting the standard for premium supercalendered papers. For catalog and magazine publishers looking to soar above the rest, this range of papers hits the height of brightness, surface smoothness, and razor-sharp inkability.

Unparalleled in the marketplace, Altitude has reset the bar for supercalendered papers. Comparable in quality and runnability to coated groundwood sheets, Altitude is available in a variety of basis weights and can be used for both offset and rotogravure.

Port Hawkesbury Paper is the leader in supercalendered paper manufacturing in North America. The secret to our effectiveness is the consistent and reliable quality of our products. Port Hawkesbury Paper's lines offer a wide selection of supercalendered options to anyone who is looking for premium-quality paper for use in retail inserts, catalogs, magazines, circulars and coupons.
