

## QUARTERLY ⏮️ Rewind

### PHP Wind Farm Project Update

We are pleased to announce that progress continues on schedule at PHP Wind's Goose Harbour Lake Wind Farm. Earlier this year, we reached a major milestone of securing all development and construction funding. Other key highlights include:

- All major construction and equipment supply agreements have been executed.
- Nordex wind turbine supply agreements have been signed, and turbines are on schedule for delivery in Q2 2026.
- Civil construction work, including road building, is now in full swing at the project site.
- The project remains on schedule.

Photos: Road work development continues with windmill sites superimposed to show scale and location (top). Pad foundation and port construction work to prepare for turbine delivery.

For more details about the project, visit [www.phpwind.ca](http://www.phpwind.ca)

## Quality Paper Products for Any Application

Port Hawkesbury Paper offers a wide selection of papers - both Supercalendered and a new uncoated book grade for catalogers, advertisers, publishers and printers looking for a premium quality paper. All Port Hawkesbury grades deliver on-press performance, high brightness, outstanding ink gloss, and an unbeatable print surface.

## Quality Paper for the Classroom

Our latest grade, Elevation Book, is designed for all kinds of publications, but works especially well for educational texts and workbooks.

Elevation offers optimal opacity, superior printability, premium brightness, and is a sustainable choice. The enhanced fiber/clay matrix delivers outstanding print resolution and vivid color reproduction.

Here is some additional research on [enhancing learning with paper-based materials](#) from Two Sides North America.

## PHP Again Completes a Successful Annual Forestry Audit

Port Hawkesbury Paper successfully completed its annual audit to the Forest Stewardship Council® (FSC® - C023189) and Sustainable Forestry Initiative® (SFI®) forest management standards. The company has voluntarily committed to these standards for years, demonstrating responsible forest management against rigorous requirements related to Indigenous Peoples' Rights, ecological diversity, social and cultural values, and environmental protections, to name a few.

Auditors meet with our forestry contractors to review operations.
